Hi Katy

We haven't provided any formal briefings or ad hoc reports to Minister English on meth contamination. All updates so far on meth have been to Minister Bennett.

There may have been emails between staff relating to media enquires about meth contaminated properties, and responses to written questions. Also as part of background information for some oral question prep we have included messages on quality of housing, which include meth contamination. See attached email.

All emails that relate to meth to staff in your office from HNZ will take some time to search. Let me know if you need us to look to collate this information.

Thanks

Rach

Hi there

Are either of you able to advise if you would have sent Minister English anything on P contamination?

Subject: P Contamination in HNZ homes

Hi Guys,

Could you please check what advice MoF has received about P Contamination?

Thanks

David Kidson | Economic Advisor
