Hello

A few weeks ago the Minister was advised by HNZ that we were looking to increase the level at which we considered a contaminated property to be safe to occupy. The Minister was advised that a paper was going to Board in July and that an update on this would be provided to Ministers after the meeting.

Can you please advise what was discussed at the Board meeting and the outcome of the discussion. Could we please have an update to pass on to the Minister by midday Friday 5 August.

It would also be good to have a chat about this Sharon or Charlie if you have a moment.

Thanks
Megan
