MoF said he'll do it but I need a whole heap of info from you... (please)

Specifically, what happens/ what is the process for tenant eviction? How are they notified/ who takes responsibility for finding them a home etc?

Are they being kicked out because of the contamination, or because HNZ deems them to be users/ manufacturers? Or is it because HNZ is legally obliged to?

Where are you at with a revision of the contamination guidelines/ standards?

ANYTHING you can send would be great!

Ok, it's just I'll need to brief Charlie Mitchell if he is going to be needed.

Thanks - look forward to hearing from you

Not really - he has declined my request and I've only just managed to touch base with MoF to tell him so will see what he decides

Oh I see - I must have missed that. Whoops.

Did he talk about the work going into developing new standards?

Ok, will wait to see what MoF comes back with.

Thanks Nicola.

FYI: Charlie Mitchell, our meth manager, was interviewed by RNZ on this issue on Tuesday (it aired yesterday)

Head's up you guys - haven't checked with MoF yet but may well send RNZ your way.

Will keep you posted.

Cheers

Hi Jessica,

We will check with the Minister to see if he's available. My initial thoughts are that it would be more appropriate for Housing New Zealand to talk to you. Have you approached them?

I also have to note that it has been somewhat frustrating that it has taken this long for Morning Report to show some inclination to provide some balance to this story.

I have copied Nick into this email using his correct address - you may want to save it in your contacts.

Regards
Nicola

Hi Nicola and Nick

We would like to put in a bid to speak with the Minister English on the programme tomorrow morning re meth-contaminated HNZ properties. We've done a number of stories and interviews over the last couple of days about this topic and would like to give him the opportunity to respond to some of the criticism.

Here's a couple of examples:

<http://www.radionz.co.nz/national/programmes/morningreport/audio/201810815/meth-contamination-hysteria-is-an-overcooked-issue> and
<http://www.radionz.co.nz/news/national/310009/expert-questions-meth-contamination-evictions>

Our afternoon team will be able to give you a more exact time but I imagine it will be between 7.15 and 8.30am. However, we can work around him to a certain extent and if need be do a prerecord.

I will be in the office until 1pm or our afternoon team will be in from 2.30pm. We're available on s9(2)(a)

Kind regards
Jessica Roden
