Hello

Could you please get provide an update on how things are progressing with Health's work to revise its meth contamination standard.

The Minister has received advice on Standards NZ's work on guidelines, methods, procedures and other materials on managing testing and remediation of properties. We will need to put this through to her next week and so we will need to add the update to this information. Could I please have this by close of business Monday.

Thanks

Megan

Megan McKay**Private Secretary (Social Housing)**

Minister for Social Housing

Room 6.3 Executive Wing, Parliament

Released under the Official Information Act 1982
